

بدعوة جميع الطلاب والخريجين الجدد المهتمين بمجالات الطاقة المختلفة للمشاركة في المسابقة الدولية لنظم الطاقة وهي أحد أنشطة المؤتمر الدولي لنظم الطاقة: حلول ذكية ومستدامة ٢٩-٣٠/أبريل ٢٠٢٥

<https://www.facebook.com/share/p/zg7GLPVe6N2zkZym/?mibextid=WC7FNe>

The Faculty of Engineering at Ain Shams University is honored to invite all students and recent graduates interested in various energy fields to participate in the International Energy Systems Competition. This competition is part of the:

INTERNATIONAL CONFERENCE ON ENERGY SYSTEMS

Smart and Sustainable Solutions

ICES2025

29 – 30 April 2025

Join us in this prestigious event to showcase your talents and innovations in energy systems. This competition provides a unique platform to present your ideas, network with industry experts, and gain insights into the latest advancements in energy technologies. Don't miss this chance to contribute to the future of energy and be part of a global community striving for sustainable and intelligent energy solutions. We look forward to your participation.

Themes of the competition follow the 8 energy systems' key pillars that will be dug into through our conference:

1. Planning, components, modeling, and operation of energy systems.
2. Data analysis, computation, and machine learning for energy systems.
3. Integrated operation of information and communication technologies (ICT) in smart grids.
4. Sustainability assessment of energy systems: Policy, regulation, management, and economics.
5. Climate change, net-zero energy generation and carbon capture.
6. Advanced technologies for energy efficient materials, structures, infrastructure, and transportation systems.
7. Energy efficient cities and buildings.
8. Water–Food–Energy Nexus: Opportunities and challenges.
